## **Garden Club of Spring Lake earns “Adopt-a-Station” Award from the New Jersey Clean Communities Council**

**SPRING LAKE – June 07, 2016** – The Garden Club of Spring Lake has received the “Adopt-a-Station” Award from the New Jersey Clean Communities Council (NJCCC) for its efforts to clean and maintain NJ Transit’s Spring Lake rail station in Monmouth County.

“Our volunteers are helping to keep New Jersey clean and green one community at a time,” said NJ Transit Adopt-a-Station Program Coordinator Deborah Eadie-Dixon. “The group demonstrates spirit and community pride by maintaining the local rail station. These volunteers are also our eyes and ears when they see issues involving litter.”

The annual Adopt-a-Station Award is presented to a group that has cleaned and maintained public property for at least two years.

“The Garden Club at Spring Lake has shown strong commitment to a cleaner and better New Jersey, and has been a reliable partner for us,” said NJCCC Executive Director Sandy Huber. “We are proud of all the work the group has done, and look forward to continuing our partnership for years to come.”

NJCCC is a comprehensive, statewide litter-abatement program that has served New Jersey residents and visitors for more than 25 years. Learn more at [njclean.org](http://njclean.org).
