

2020 List of Clean Communities Programs (live & virtual programs)

Clean Communities funds can be used for the programs on this list & for programs not listed, as long as there is **litter abatement content** included in the program. Inclusion on this list doesn't constitute an endorsement of the program. Coordinators are encouraged to ask for referrals/references from those who have seen these programs.

This is a list of performers and educators who offer programs related to litter abatement and the proper handling of solid waste (trash and recyclables). There is no “approved list” of performers/educators.

Please be sure to ask for litter abatement content for all programs when using Clean Communities Grant money to fund the programs.

Please contact presenters to find out if they offer virtual programs, in addition to live programs. Thank you!
